SUNRISE PRODUCTION LLC, DBA: PETSITTER VIDEOS

Sunrise Production, LLC is located in Holt, Michigan, USA. **Founder Steve Cantin began working with the Pet Industry in 1989**, producing promotional materials, packaging and marketing for the **Go Cat Feather Toy line**, which is now the most successful **Cat Toy line still completely handmade in the USA.**

Steve Cantin then produced the most extensive video on breeds of cats, and in doing so, noticed the cat's intense interest in the video monitors. This led to a 6-month production and creation of the Cat Adventure Video. The **Cat Adventure Video** was edited again with new footage in 2000 and became the **Cat Sitter Video and DVD.**

**Since then over 1 million Cat Sitter Videos have been sold!**

After the success of the **Cat Sitter Video**, Sunrise Production, LLC received numerous requests to produce videos for dogs and birds to watch.

Sunrise Production, LLC then pulled from its resources of dog breeders and dog trainers. Steve Hartman, a professional on bird behavior and owner of the largest aviary in the Midwest, was hired to assist in the Bird Sitter production. Those resources came from Steve Cantin's contacts after producing the largest Pet Expo in the Midwest for the last 12 years, held every year in Columbus, Ohio. ([www.columbuspetexpo.com](http://www.columbuspetexpo.com) now [www.petexpoclassic.com](http://www.petexpoclassic.com)) The results were the production of the **Bird Sitter Video** and **Dog Sitter I**, followed by **Dog Sitter II** and **Cat Sitter II**. All of these videos received rave reviews from both experts and pet owners alike. **Cat Sitter III** is in production and will debut in September 2007.

The **Pet Sitter Videos** have been featured on the Daily Show, the Tonight Show, the Ellen show, and **on the front page of the Wall Street Journal**. TV News Coverage, USA TODAY, and many other newspapers have talked about and shown pets enjoying the **Pet Sitter Videos**, which have also been featured in Cat Fancy, Dog Fancy, and Bird Talk. **They also received 2 paws up in Cats Magazine!**

In addition to these quality videos, Sunrise Production LLC has produced the **Relaxation Sensation Series**. Eleven DVDs appropriately titled Incredible Aquarium, Fireplace, Nature, Sunsets, Water, Beaches, Landscapes, and more. **Each INCREDIBLE DVD features eight one-hour sound and original music tracks and one hour of looped footage shot in HD, high-end digital, and film.** [www.incredibleseries.com](http://www.incredibleseries.com)
